

Common actions

Investigation

- **Case Scene (15 min):** **Per+Inv** vs general difficulty to investigate the scene or Conceal Evidence action previously used at this scene.
- **Profile (5 min):** **Per+Inv** vs Target's Guile. Success gives a basic run down of the character.

Larceny

- **Conceal Evidence (15 min):** **Int+Larc**, successes = difficulty to Investigate the scene.
- **Disguise (5 min):** **Int+Larc**, successes = difficulty to recognize target with **Per+Awar**. -2 to disguise rolls to change sex, race or body type, each. -4 to trick anyone that has an intimacy for the character you are disguised as.
- **Lockpicking (5 min):** Roll **Dexterity+Larceny** difficulty = to Lock (Mundane 1-2, Magical 3, First Age 4+)
- **Pick Pocket (Instant):** Roll **Dex+Larc** opposed by **Per+Awar**.

Lore

Introducing a Fact: Once per scene a character with Lore 3+ (and a relevant backstory), can attempt add a fact to the story that his character knows. Rolls **Int+Lore** vs a ST difficulty based on how likely the character would know it.

- **Challenging a Fact :** Character with Lore 3+ or Lore 1+ with a specialty, may notice when things are wrong. Roll **Intelligence+Lore** vs a ST difficulty. Character know something is false but not necessarily what or why.

Medicine

- **Diagnosis (5 min):** Find cause, **Per+Med**. To based on symptoms, **Intelligence+Medicine**. If rushed (combat action), add +1 or +2 to diff.

NOTE: Medical actions without a Diagnosis increase diff by +2 to +4.

- **Treating Wounds (5 min):** To bind a wound and stop the bleeding roll **Int+Med** vs diff of wound penalty.
- **Treating Disease (1hr/day of disease's interval):** At the end of treatment roll **Int+Med** vs dif of disease's **Morbidity** of the disease.
- **Treating Poison (5 min):** Roll **Int+Med** vs lethality & commonness of poison. Difficulty = 1 + 1 if lethal + 1 if uncommon +2 if exotic + 2 if being done in combat or other perilous situation.

Sailing

- **Gauge Tides/Currents/Winds (1 min):** **Int+Sail** vs ST difficulty.
- **Avoid Obstacles (N/A):** **Wits+Sail+Manueverability** vs difficulty to avoid.
- **Pursuit:** Pursuit is an extended, contested (**Wits + Sail + Speed**) roll, with the first ship to accumulate 10 more successes than the opponent succeeds in getting away or catching their target.
- **Troubled Waters:** Navigating treacherous waters or braving a storm is an **extended action** **Wits+Sail** roll with a difficulty based on dangers involved and number of rolls based on duration of the danger. Each roll must succeed or face the characters with a consequence (blown of course, hull damage, etc...).

Survival

- **Tracking/Counter-Tracking:** Tracker rolls **Per+Surv** (+/- Environmental) vs Counter Tracker's **Wits+Surv** roll.
